you will gain:

- You will gain the skills, knowledge, and competencies necessary to effectively advocate for the most vulnerable in conflict areas.
- You will develop the ability to analyze and evaluate educational policies and practices, and to identify opportunities for improvement.
- You will learn to design and implement educational programs that promote peace and social justice.

Through the Master's degree in Peace Education, you will receive:

- Professional development opportunities through internships, thesis/research projects, and other experiential learning activities.
- Access to a network of scholars, practitioners, and leaders in the field of peace education.
- Opportunities for leadership and influence in the global community.

WHAT WILL YOU LEARN?

- **Skills in conflict resolution**: You will learn techniques for transforming conflict at the personal, interpersonal, intergroup, and international levels.
- **Skills in educational planning and evaluation**: You will develop the skills to plan, execute, and evaluate educational processes for all age groups in different contexts.
- **Knowledge of educational systems and curricula**: You will gain an understanding of how educational systems and curricula can contribute to cultures of violence or cultures of peace.

M.A. in Peace Education: University-Wide Courses

You will receive, along with your peace education degree, an introduction to the UN system and its role in promoting peace and conflict resolution. You will also earn 5 credits toward the UN Specialization, which provides an opportunity to engage with experts from the UN and other international organizations.

The curriculum is designed to provide you with a solid foundation in peace education theory and practice, and to prepare you for leadership roles in various settings.

**WHAT WILL YOU LEARN?**

- **Techniques for transforming conflict**: You will learn techniques for transforming conflict at the personal, interpersonal, intergroup, and international levels.
- **Skills in educational planning and evaluation**: You will develop the skills to plan, execute, and evaluate educational processes for all age groups in different contexts.
- **Knowledge of educational systems and curricula**: You will gain an understanding of how educational systems and curricula can contribute to cultures of violence or cultures of peace.
- **Skills in conflict resolution**: You will learn techniques for transforming conflict at the personal, interpersonal, intergroup, and international levels.

M.A. in Peace Education: Programme-Specific Courses

In addition to the university-wide core, students in this programme will take 7 programme-specific core Peace Studies courses. Each course will provide insights into a specific aspect of peacebuilding and conflict resolution.
